Guidelines for Equipment Requiring a Face to Face Evaluation

Physician's Chart Notes MUST contain the following:

- 1) That the patient came into the office for an face to face evaluation for *ie: equipment being ordered.*
- 2) A diagnosis and/or medical condition that justifies each piece of equipment being requested
- 3) Chart notes must document that the patient was evaluated and/or treated for a condition that supports each item being ordered.

****NOTE:** If a PA, NP or CNS completes the evaluation, it must be co-signed by the MD or DO (physician). Physicians will be provided an additional payment, using code G0454 for co-signing the face to face evaluation of the PA, NP or CNS.

Equipment Prescriptions Must Have:

- 1) Patient's Full Name
- 2) Date of Prescription
- 3) Each piece of equipment being ordered
- 4) Diagnosis for equipment being ordered
- 5) Length of Need
- 6) Doctor's ORIGINAL or electronic signature
- 7) Doctor's NPI number

*Note: The prescription CAN NOT be written prior to the face to face evaluation.
